FASANA

WELCOME TO THE SUSTAINABLE WORLD OF FASANA

Sustainability is an important part of FASANA GmbH alignment, which is reflected in the use of PEFC and FSC certified pulps.

We don't just think eco – natural - organic, we make statements with our FASANA Bio Line products.

Under the FASANA Bio Line product series, we manage our ecologically conscious products for a better world.

A laid table with our FASANA Bio Line napkins made of grass or unbleached tissue leaves a sustainable impression on your guests.

Enjoy sustainable moments with FASANA !
